Comments about these

- Activity space- no space for night integration party. Youth exchange needs a place for party dancing, without it, integration does not come as it should be.
- Change the camping please. About food, a little bit basic sometimes. Accommodation, tents were not prepared for rain.
- Change the camping place and I said more things during the exchange.
- Perfect.
- I would like activities to be more active
- Accommodation was fine, just not people in the room. Lunch could be improved. More organised time.
- The pool was a little bit dangerous but the rest is okay.
- Problem with tents and sleeping place.
- We have been, close in the camping and that's why we develop friendship. Beautiful landscape and beaches around the camp.
- Yes
- More initiatives from the participants could be great.
- Sometimes it was hard to understand the schedule, because we didn't follow it and people weren't in time.
- The accommodation was okay, but it was not thought in case of emergencies.
- The black man is mean and not nice.

- More is love, basic words
- It was absolutely easy, simple but very useful and interesting.
- I wish it would be more of sign language.
- Especially the international sign language, but i feel I didn't learn it enough, I want more!

- No comments.
- I was working with clay for three years and I have opportunity to play at home.
- Language I found not useful. Only sign language was nice.
- Excellent idea (No Arabic)
- Too much "vocabulary", I think a practice workshop with discussions about topics could have been great for a jump in sign language.
- Estonian was great
- For me it's really difficult to pronounce Arabic, polish and Estonian languages
- The course international sign must be long time. It is a very short time.
- This is good idea, I hope in future more different project.
