"Solidarity Tracks"

Organized EURO-MED training course:

"Renewable Energy: The 3 forces can save our planet"

It took place in spring 2010, from 7 till 16 of May, in Lefkas.

The EURO-MED training course brought together 23 youngsters and youth workers from 12 organizations and from 9 Euro-Med countries: Algeria, Egypt, Spain, France, Greece, Jordan, Morocco, Romania, and Tunisia.

The goals of the EURO-MED training:

- ✓ To exchange ideas, experiences, knowledge and good practices between youngster's and youth workers from Euro-Mediterranean area also about the education of youngsters on renewable energy topic.
- ✓ To make aware the youth workers from Euro-Mediterranean region for the necessity to educate young people of the value of renewable and saving energy.
- √ To help youth organizations from Euro-Med space to acquire pedagogical tools in order:
- To raise awareness among young people and the citizens in issues of "controlling" of energy and developing renewable energy sources.
- ✓ To inform and reflect the young generations especially on issues related to energy consumption in order to track changing attitudes.
- To develop training tools available to youth workers coming from the Euro-Mediterranean area, to enhance the quality of educational process, programs and activities, on renewable energy, in schools and extra-curricular.
- To discuss practical methods to be followed to create a network of youth entrepreneurs from Europe and the Mediterranean area to the renewable energy topic.
- ✓ To make aware the Euro-Mediterranean youth workers on issues of sustainable development and climate change.
- ✓ To involve the intercultural dialogue and exchange of ideas between the Euro-Mediterranean Partners in energy management and exploitation.
