

"YES Club - Youth Entrepreneurs Social Club"
1st Training session: 14-16/12/2020 (Online)

Report

Become E-mentor for YES club

Working language: English

Online in 2 sessions (1:30 hour each session)

Summary:

Nowadays, the social entrepreneurship has been acknowledged as an effective means to the end of creating new jobs, improving the standard of living and encouraging the citizens' participation in the decision making process at all levels. It can also contribute to the integration of marginal and precarious strata of the population, the creation of wealth and re-investment or making new investments in various countries across the globe.

In order to enhance the social entrepreneurship in our countries, it would be absolutely necessary to supply the young people who dream of becoming social entrepreneurs with appropriate competences, contacts and the will to launch social entrepreneurs commensurate to their own profile & the needs of their milieu.

In this context, we organized the 1st online mentoring training to favour the experiences' exchange and develop the competences of several youth workers from our partners so that they can come up with innovative educational and mentoring methods about the social entrepreneurship and act as multipliers who will help this type of entrepreneurship to spread among the young people in their countries and elsewhere. This training course aims to educate the youth workers into becoming E-mentors in favour of the young people who benefit from the above mentioned club.

18 participants took part from various parts of the world like Nepal, Argentina, India, Spain, Greece, Austria, Morocco and Turkey in the 1st phase of this TC series. Thanks to this intercultural team, the meeting was a succes due to the various ideas and experiences shared related with mentoring in the field of social entrepreneurship.

Objectives of the Training course:

Main objective:

- Forming a new generation of E-mentors to become able to
 - a) Provide appropriate support to the members of our virtual club.
 - b) Update the club to meet the changing needs of its members.

Specific objective:

- To enable a group of youth workers and staff of various youth organizations to exchange and acquire knowledge, skills and competences about innovative methods for non formal education of young people related to social entrepreneurship, networking, On line training, support and coaching

- To promote innovative practices in social entrepreneurship education by developing personalized and collaborative learning and networking approaches through strategic use of ICTs and open educational resources.
- Promote the virtual youth club that aims to:
 - a) Connect young people with their peers, who wish to become social entrepreneurs and resource persons from different countries around the world.
 - b) Offering dynamic distance-based training on the theme that meets the needs of young people with personalized and sustainable support.
 - c) Promoting dialogue between young people and decision-makers
 - d) Establish professional links and promote distance cooperation between young people from various places who wish to engage them self in social entrepreneurship.

- Encourage young members to become members of the youth club for social entrepreneurship", to develop their professional network
