Mémoire game (Compagnie 3.42)

[More about
Compagnie 3.42](#)

Mémoire is a game based on the well-known principle of the Memory: We must find 2 identical cards in the set. Each pair discovered is associated with an emotion or a Laughter Yoga exercise. The cards are divided into 4 poles: laughing, playing, pretending, and communicating. Each chicken is recognizable by its colored background. Depending on the age of the players, you can use all the cards or limit yourself to one or 2 poles.

Goal of the game: the Mémoire is a collaborative game whose object is to promote the well-being of players and does not aim to designate a winner. This game was developed to have fun, entertain and have a good time.
